SUMMARY

I am currently a Software Engineering student at the prestigious Gisma University of Applied Sciences. I also enjoy other things like wrestling and cooking and have wrestled in the heavyweight division in my school back in Riyadh, Saudi Arabia.

WORK EXPERIENCE

Free Lance Wrestler

Jan 2021 - present

I started competing in wrestling a while back and won a few local tournaments and my prize winning accumulated to about 22.000 Indian Rupees

Dad's Hostel - Assistant Chef

feb 2019 - June 2019

- Back in 2019 when my dad had started the cafeteria system in his hostel back in India he chose me as the guy to help the chef
- The work included preparing the spices and chopping and cutting veggies for the chef to start cooking and helping him out when he needs my help.
